EXPLANATORY NOTES.

1. Payments for extra services in the Administration and Municipal Divisions were for overtime work in connection with special investigations ordered by the Legislature.
2. Names in italics are temporary clerks on July 1, 1912.
3. The expense incurred in connection with auditing and installing accounts, in accordance with chapter 598, Acts of 1910, is assessed back upon the municipalities for which the work is performed, the Commonwealth thus being reimbursed.
4. The amounts paid for services in connection with the taking of summer censuses, so called, in accordance with the provisions of section

13, chapter 100 of the Revised Laws and section 8, chapter 371 of the Acts of 1909, are, under the law, assessed back upon the towns petitioning for said censuses, the Commonwealth thus being reimbursed.

5. Since the statute requires these lists to be arranged by divisions where the same exist, a few duplications of names occur, owing to transfers made from one division to another during the year, these duplications being eliminated in the summary.

Employed during the Year, but not July 1, 1912.
